WHAT IS A TULIP POLICY AND WHY DO I NEED ONE?

(Tenant User Liability Insurance Policy)

The Cumberland School Department regularly leases its property to third parties for events such as meetings, athletic events, receptions, festivals, birthdays and other special events. When our property is used by outside groups, the Cumberland School Department exposure to liability losses is increased. Additionally, as the third party leasing the Cumberland School Department facility and hosting the function, you are, in most cases, liable for losses occurring during your function.

It is the Cumberland School Department requirement that you, the third party utilizing the School Department facilities, carry proper liability insurance protection for the Cumberland School Department and yourself for the day of your function. Your homeowner's insurance may be able to provide you with this protection, assuming your insurance company is willing to name the Cumberland School Department as an "*Additional Insured*" to your policy and your limit of liability is \$1 million per occurrence. However, in the event you do not wish to use your homeowner's insurance or do not currently own a home, we have made arrangements with a special events insurance company to provide you with the protection needed at a nominal cost. This special events policy is referred to as the TULIP (Tenant User Liability Insurance Policy) Program. **The TULIP policy helps protect you and the Cumberland School Department from financial harm in the event of a liability claim arising from your function.**

The TULIP policy provides one million dollars of general liability insurance per event to the certificate holder (third party) and names the Cumberland School Department as additional insured to the policy. With the TULIP policy in place, the Cumberland School Department will be provided with the assurance that if a lawsuit arises out of that special event, the School Department will not be the principal party or the only financial resource to defend against the claim and pay the loss if that is the final determination. The TULIP policy will be the primary insurance applicable to any claim arising out of the special event.

The rating of the program is done according to the liability exposure of the special event and the number of days the special event will run. Rates are determined by a schedule of hazard/risk classifications. In most cases, rates are priced well below current market premiums. Premiums vary depending on the type and duration of the special event, but can be as low as \$110 for many of the scheduled hazard/risk classifications.

The process for obtaining a TULIP policy is simple.

The TULIP program is autonomous. Coverage can be quoted and purchased online directly to you.

Here's how it works: Log on to the Web site: www.ebi-ins.com/tulip

Step 1:

Enter our ID Code: then press enter.

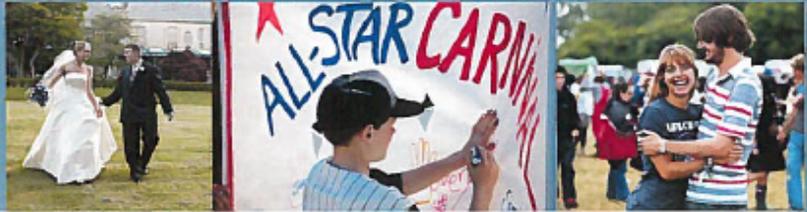

Step 2:

Follow the steps listed on the pages. Once you have entered "Average Daily Attendance" you can obtain a quick price quote by clicking on the "Get your premium now with Quick Quote."

Step 3:

- a) If you would like to proceed and purchase the coverage, please complete the requested "Contact and Credit Card Information" sections and your coverage is automatically bound.
- b) A "Certificate of Insurance" is issued and sent via e-mail in your name or organization's name to both of us for our records.

Please see the attached sheet for additional information.

What is a TULIP Policy and Why Is it Needed?

A TULIP (Tenant Users Liability Insurance Policy) is a fast and easy way to provide property/liability coverage on most types of events and activities that are held by the public on your property.

Why TULIP?

Public requests to use property or facilities owned by cities, towns, schools, and special purpose districts for "special events" have become increasingly common. However, it's important to know that if your public entity grants the public permission to use your property for such events, they are not covered under your Trust Property/Liability insurance policy if a loss or injury occurs.

As a value-added benefit, The Trust can help your entity reduce unnecessary risk by providing you with the ability to offer a liability insurance program through HUB International New England called TULIP (Tenant User Liability Insurance Policy) to independent, third-parties that use your property to hold special events. This program provides a quick and easy solution to third-parties who have no liability insurance protection in place.

TULIP is a low-cost insurance policy that protects both you and the third-party, or "Tenant User". The policy is purchased by the Tenant User and applies to bodily injury or property damage arising out of the use of your property or facility during the event. With a TULIP policy in place, Trust Members receive assurance that should a lawsuit arise from a third-party event, they will not be the principal party or only financial resource defending the claim; the TULIP policy will be the primary source of insurance.

What Kind of Special Events Does TULIP Cover?

Events may range from low-risk activities such as meetings, seminars, weddings, and receptions to higher-risk events including sports, festivals, or concerts. Please see detailed event listing.

The premium for a TULIP policy is based upon the risk associated with the particular event or activity, the number of days needed to be covered, and the number of participants attending the event. Also taken into consideration are special requirements of the event such as alcohol liability, food service, etc.

Coverage and Limits

Coverage limits of \$1 million are available for products/operations, including liability for bodily injury and property damage. The policy will pay those sums that the insured (The Tenant User) becomes legally obligated to pay as damages because of bodily injury or property damage to which this insurance applies. There is no deductible prerequisite for claims.

Coverage includes:

- Premises Operations
- Products/Completed Operations
- Contractual Liability
- Broad Form Property Damage
- Personal Injury Liability
- Cost of defense in addition to the limit of liability for any coverage
- Liquor Liability
- Increased Third Property Damage Limits
- Your entity becomes an "Additional Insured" for each covered event.
- No Deductible

How it Works

The TULIP program is autonomous. Coverage can be quoted and purchased online directly by the third-party. Your entity has already been registered to use the TULIP program account through HUB International New England at no cost and has been provided with a six-digit ID code that will enable you and your Tenant Users to use the online quoting/purchasing system as outlined below:

- When you grant an uninsured Tenant User permission to use your facility and/or property, advise them of the TULIP program and direct the Tenant User to: www.ebi-ins/tulip. Provide the Tenant User with your entity's six-digit ID code so they may access the program directly.
- The Tenant User will then complete an online questionnaire regarding their event and a premium price quote will be generated.
- To purchase a policy, the Tenant User can simply enter credit card information and coverage will be bound. A Certificate of Insurance will automatically be sent via e-mail to you, the Tenant User, and the broker.
- If the event falls outside of the program's scope, an automatic quote will not be generated and the Tenant User will be directed to a toll-free number to receive a quote.
